MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION
AND RESULTS OF OPERATIONS

SALES AND EARNINGS

Second quarter net earnings of \$4.3 million, or 32 cents per share, were 76% greater than last year's \$2.4 million, or 18 cents a share. Revenues rose 6% to \$186 million from \$176 million a year ago. Year-to-date net sales and earnings were 13% and 105% ahead of last year's results, before the \$525,000 gain from a change in accounting principle recorded in the first quarter last year. Including the effect of the accounting change, net earnings for the first six months of fiscal 1995 were 77% greater than a year ago.

Improved revenues at our architectural glass and replacement auto glass businesses accounted for most of the sales gain. A reduction in the commercial construction division's operating loss and improved profitability at our architectural glass and wholesale replacement auto glass operations combined to produce higher net earnings for both the second quarter and six months.

The following table presents the percentage change in sales and operating income for the Company's four divisions and on a consolidated basis, for three and six months when compared to the corresponding periods a year ago. Divisional results were mixed and are explained below.

Division	Percentage Change			
	Three Months Ended August 27, 1994		Six Months Ended August 27, 1994	
	Sales	Operating Income	Sales	Operating Income
Commercial Construction (1)	-5	- (1)	8	- (1)
Window Fabrication	7	-12	8	- (2)
Glass Fabrication	19	20	20	34
Installation and Distribution	12	7	12	12
Consolidated	6	66	13	89

(1) CCD's operating losses for the three-month and six-month periods were reduced by 30% and 39% as compared to its operating losses for the same periods in fiscal 1994.

(2) WFD had operating income for the first six months of fiscal 1995 as compared to an operating loss for the same period of fiscal 1994.

Commercial Construction

Revenues for the Commercial Construction Division (CCD) declined slightly when compared to a year ago, as higher detention/security activity was more than offset by lower domestic new construction revenue, which was due primarily to fewer active contract offices and delayed starts on some projects. Though 30% lower than a year ago, CCD recorded an operating loss for the quarter, reflecting high international overhead and the completion of several low margin projects. CCD's detention/security segment reported strong revenue and earnings gains. The

division continued efforts to improve its organizational structure and procedures, including project bidding and project management functions.

CCD's backlog stood at \$348 million on August 27, 1994, a 3% increase over the end of the first quarter and a year ago. The increase was due to new European and Asian projects, offsetting reductions in both domestic and detention/security backlogs. Overall the Company's consolidated backlog decreased 3% from year end, to \$394 million at the end of the second quarter, but up 5% from twelve months earlier.

Window Fabrication

The Window Fabrication Division (WFD) showed an increase in sales, but depressed margins at the division's window coverings group caused the division to show a slight decrease in operating income for the quarter. The architectural group continued to operate on slim margins, but was able to reduce its operating loss compared to a year earlier with stronger volume and earnings at the group's finishing units. The window coverings units had a fine quarter, reporting revenue gains and good earnings, though operating income was lower due to higher material costs and stiffening competition.

Glass Fabrication

The Glass Fabrication Division (GFD) produced continuing sales and earnings growth in the second quarter. Such gains were principally attributable to strong demand for fabricated architectural and automotive glass. Viracon, GFD's architectural glass unit, reported record revenues and operating income for the quarter, the result of robust export sales and improved pricing on domestic business. Marcon Coatings, a 50%-owned glass coating joint venture, also had good results, benefitting from Viracon's strong sales. Both Viracon's and Marcon's expansion of productive capacity were proceeding on schedule.

Curv-lite, GFD's automotive replacement glass manufacturer, reported solid sales and earnings as it ran near capacity. This unit also was undertaking efforts to improve its capacity. Despite some price discounting by competitors, Tru Vue, GFD's picture framing glass unit, reported another quarter of solid results. Tru Vue's matboard unit, Miller Artboard, has completed its relocation to Chicago, adjacent to Tru Vue.

The division's businesses continued to report strong order rates. Accordingly, GFD expects to report solid operating results for the latter half of the year.

Installation and Distribution

The Installation and Distribution Division (IDD) once again achieved strong sales and earnings. Strong demand and firmer pricing for replacement auto glass favorably affected division results. Wholesale operations accounted for most of the sales and earnings gain. The Harmon Glass Network, which subcontracts auto glass repair/replacement sales nationwide, reported 4% unit growth over the same period a year ago. Operating income improvement was reduced by IDD's ongoing expenditures to overhaul its information and communications systems. Based on current industry trends, IDD anticipates sales and earnings comparisons to remain positive for the latter half of the year, during which activity is traditionally slower.

The division opened 6 distribution centers and 7 retail shops in the first six months of the fiscal year bringing its total to 51 distribution facilities and 238 stores.

Viratec Thin Films

Viratec Thin Films (Viratec), a 50%-owned optical-grade glass coating joint venture, reported stronger sales but lower operating income than a year ago. Profitability was affected by higher research and development expenditures on future products and process improvements. Technical problems with Viratec's main coater, noted in the first quarter, were corrected. Viratec's order backlog was down 19% from year end, but was 17% higher than a year ago.

Consolidated

The following table compares quarterly results with year ago results, as a percentage of sales, for each caption.

	Three Months Ended		Six Months Ended

Equity in net earnings of affiliated companies	(0.2)	(0.2)	(0.1)	(0.4)

Net earnings	2.3	1.4	1.9	1.2
Income tax rate	40.0%	37.5%	40.0%	37.5%

On a consolidated basis for the three-month and six-month periods, gross profit, as a percentage of net sales, improved as firmer pricing at GFD and IDD and stronger margins at CCD's detention/security units led to improved gross profits. Selling, general and administrative expenses (SG & A) increased as items such as commissions, bonus, profit sharing and bad

debt expense rose due to higher activity and performance levels. As noted, significant expenditures were made at IDD on information and communication systems improvements.

Year-to-date, equity in earnings of affiliated companies decreased, as first quarter earnings at the Viratec joint venture significantly trailed last year's strong results.

Despite higher borrowing levels, net interest expense rose just marginally from a year ago, as higher-rate long-term debt has been replaced with lower-rate borrowings.

Our effective income tax rate of 40% remained higher than last year's effective rate, when a significant portion of Apogee's earnings were derived from our equity in the net earnings of affiliated companies.

LIQUIDITY AND CAPITAL RESOURCES

At August 27, 1994, Apogee's working capital (current assets less current liabilities) stood at \$96.9 million, up \$16.5 million, or 21%, from year end. A reduction in accounts payable, an increase in costs in excess of billings on uncompleted contracts and a decrease in current bank debt accounted for the working capital growth. Despite the sales gains of the first six months of fiscal 1995, accounts receivable fell slightly as our days' sales outstanding improved, reflecting in part a change in receivables mix towards operations with shorter payment cycles.

Additions to property, plant and equipment totaled \$11.9 million for the first half of the fiscal year. Major components of these additions included expenditures for manufacturing facilities and equipment at GFD and information and communications systems throughout the company, particularly at IDD.

Earnings from operations, as well as use of our credit facilities, provided the funding for the working capital growth, capital spending and dividend payments. Subsequent to the end of the quarter, we entered into another revolving credit agreement for \$15 million with a credit term ending in March 1996. Accordingly, an additional \$15 million of our bank borrowings were classified as long-term debt at August 27, 1994. The company believes that cash flow from operations and its existing credit capacity will be sufficient to meet the company's current cash requirements.

Notwithstanding any other provisions herein, if, after the date of this Agreement, the introduction of or any change in any applicable law, rule or regulation or in the interpretation or administration thereof by any Governmental Body charged with the interpretation or administration thereof or compliance by the Bank with any request or directive (whether or not having the force of law) of any such authority shall make it unlawful or impracticable, in the reasonable judgment of the Bank, for the Bank to make, maintain or fund CD Loans or LIBOR Loans as contemplated by this Agreement, (i) the obligations of the Bank hereunder to make CD Loans or LIBOR Loans shall forthwith be cancelled, (ii) Loans which would otherwise be made by the Bank as CD Loans or LIBOR Loans shall be made instead as

Reference Loans, and (iii) the Company shall pay in full the then outstanding principal amount of all CD Loans or LIBOR Loans made by the Bank together with accrued interest, on either (A) the last day of the then current Interest Period if the Bank may lawfully continue to fund and maintain such CD Loans or LIBOR Loans to such day or (B) immediately if the Bank may not lawfully continue to fund and maintain such CD Loans or LIBOR Loans to such day. Such CD Loans or LIBOR Loans shall be deemed to have been paid, and a Reference Loan in the amount thereof shall be deemed to have been made, as of the date provided in the preceding sentence. If circumstances subsequently change so that the Bank is not further affected, the Bank shall so notify the Company of such change and the Bank's obligation to make and continue CD Loans or LIBOR Loans shall be reinstated upon written request of the Company.

(g) Funding. The Bank shall be entitled to fund all or any portion of the Loans in any manner it may determine in its reasonable discretion, including, without limitation, in the Grand Cayman inter-bank market, the London inter-bank market and within the United States, but all calculations and transactions hereunder shall be conducted as though the Bank actually funds all LIBOR Loans through the purchase in London of offshore dollar deposits in the amount of the relevant LIBOR Loan in maturities corresponding to the applicable Interest Period and actually funds CD Loans through the sale of certificates of deposit in the secondary market in New York City in the amount of the relevant CD Loan with maturities corresponding to the applicable Interest Period.

Such interest shall be payable upon demand.

3.3. Adjustments of Commitment Amount. Upon at least five Business Days irrevocable prior written notice to the Bank, the Company may permanently reduce the Commitment Amount, in whole or in part, without premium or penalty; provided, that (a) each partial reduction of the Commitment Amount shall be in an aggregate amount equal to at least \$5,000,000, or an integral multiple thereof, (b) each reduction shall be accompanied by payment of the amount, if any, by which Aggregate Outstandings exceed the Commitment Amount as so reduced, together with accrued interest on the amount being prepaid to the date of such prepayment, and (c) any prepayment under clause (b) above shall be subject to Section 3.8.

3.4. Extension of Revolving Credit Commitment. At the request of the Company, but subject to the approval, in its sole and absolute discretion, of the Bank, the Revolving Credit Termination Date (and Bank's Revolving Credit Commitment) may be extended. Any request by the Company to extend the Revolving Credit Termination Date shall be received by the Bank at least 60 but not more than 90 days prior to the Revolving Credit Termination Date. The Bank shall promptly inform the Company of the Bank's decision whether to extend the Revolving Credit Termination Date.

3.5. Mandatory Prepayments. If at any time Aggregate Outstandings exceed the Commitment Amount, the Company shall promptly make a prepayment of amounts outstanding hereunder in an amount equal to such excess and accrued, unpaid interest thereon, which prepayment shall be applied by the Bank in a manner that minimizes the payments required under Section 3.7.

3.6. Increased Capital Requirements.

(a) In the event that compliance by the Bank with any present or future applicable law or governmental rule, requirement, regulation, guideline or order (whether or not having the force of law) regarding capital adequacy has the effect of reducing the rate of return on the Bank's capital as a consequence of its commitment to make, or the making or maintaining of, any Credit Extensions hereunder to a level below that which the Bank would have achieved but for such compliance (taking into consideration the Bank's policies with respect to capital adequacy), then from time to time the Company shall pay to the Bank such additional amount or amounts as will compensate the Bank for such reduction. A certificate as to the amount of any such reduction (including calculations in reasonable detail showing how the Bank computed such reduction) shall be furnished promptly by the Bank to the Company.

(b) If the Bank shall notify the Company that it is required to pay any amount to the Bank under Section 3.6(a), then the Company may, provided no Event of Default or Default has occurred and is continuing, require that the Bank assign its rights and obligations under this Agreement to one or more other financial institutions selected by the Company that have agreed to accept such rights and be bound by such obligations. The assignee in any assignment under the preceding sentence shall purchase the rights and assume the obligations of the assignor under this Agreement, without recourse to or warranty from the assignor, for an amount equal to the outstanding principal amount of and accrued, unpaid interest on all outstanding Loans made by the assignor plus all accrued, unpaid facility fees payable to the assignor plus all other amounts payable to the assignor hereunder on the date of such assignment. The Company shall be responsible for all reasonable costs and expenses (including, without limitation, attorneys' fees and expenses) incurred by the Bank involved in any such assignment in connection with such assignment. Upon any such assignment and acceptance, the assignee shall be deemed to be the Bank," and the assignor shall cease to be the Bank," for purposes of this Agreement; provided, however, that the assignor shall retain its rights under Sections 3.7, 3.8, 10.4 and 10.11 in connection with events or conditions occurring or existing at the time of or prior to such assignment. The Company shall execute all documents or instruments, including replacement Notes, that the Bank or any assignee may reasonably request in connection with such assignment.

3.7. Indemnification. The Company hereby agrees to indemnify and hold the Bank free and harmless from all reasonable losses, costs and expenses (including, without limitation, any loss, cost or expense incurred by reason of the liquidation or redeployment of deposits or other funds acquired

by the Bank to fund or maintain any CD Loans or LIBOR Loans, which the Bank may incur, to the extent not otherwise compensated for under this Agreement and not mitigated by the redeployment of such deposits or other funds, as a result of (i) a default by the Company in payment when due of the principal of or interest on any CD Loan or LIBOR Loan, (ii) the Company's failure (other than a failure attributable to a default by the Bank) to make a borrowing, conversion or refunding with respect to a CD Loan or LIBOR Loan after making a request therefor in accordance with the terms of this Agreement, (iii) a prepayment (whether mandatory or otherwise, but excluding a prepayment under Section 2.2(f)) of a CD Loan or LIBOR Loan before the expiration of the related Interest Period, and (iv) any Event of Default by the Company under this Agreement and a demand for payment of a CD Loan or LIBOR Loan by the Bank before the expiration of the related Interest Period. A certificate as to any such loss, cost or expense (including calculations, in reasonable detail, showing how the Bank computed such loss, cost or expense) shall be submitted by the Bank to the Company together with the Bank's request for indemnification (which request shall set forth the basis for requesting such amounts) and shall, in the absence of manifest error or error proven by the Company, be conclusive and binding as to the amount thereof.

3.8. Changes; Legal Restrictions. If any present or future applicable law, rule or regulation or any change therein or in the interpretation or administration thereof by any Governmental Body, central bank or comparable agency charged with the interpretation or administration thereof or compliance by the Bank with any request or directive of any such authority, central bank or comparable agency, whether or not having the force of law:

(a) shall subject the Bank to any tax, duty or other charge with respect to its obligation to make Credit Extensions hereunder, or shall change the basis of the taxation of payments to the Bank hereunder (except for taxes based upon or measured by the net income, net worth or shareholders' capital of the Bank); or

(b) shall impose, modify or deem applicable reserve (including, without limitation, any imposed by the Board of Governors of the Federal Reserve System), special deposit, compulsory loan or similar requirements in connection with any of the Loans, or against assets, deposits or other liabilities of, credit extended by, or any acquisition of funds by any office of the Bank, or shall impose on the Bank any other condition affecting its obligations to make Credit Extensions hereunder;

and the result of any of the foregoing would in the reasonable judgment of the Bank increase the cost to the Bank of making, renewing or maintaining its Credit Extensions hereunder, or reduce the amount of any sum receivable by the Bank under this

Agreement, then, upon demand by the Bank, the Company agrees to pay to the Bank such additional amount or amounts as would compensate the Bank for such increased cost or reduction.

3.9. Fees. The Company agrees to pay to the Bank a facility fee equal to three-sixteenths of one percent (0.1875%) per annum of the average amount of the Bank's Revolving Credit Commitment (whether used or unused) for the period from the Effective Date to and including the Revolving Credit Termination Date. Such facility fees shall be payable quarterly in arrears on the first Business Day of each January, April, July and October, commencing on the first Business Day of October, 1994 and on the Revolving Credit Termination Date (pro rated in the event that the period is less than one quarter).

3.10. Telephonic Notices. The Company acknowledges that the agreement of the Bank herein to receive and give certain notices specified herein by telephone is for the convenience of the Company. The Bank shall be entitled to rely on the authority of the person purporting to be the person authorized by the Company to give any notice hereunder, and the Bank shall have no liability to the Company on account of any action taken by the Bank in reliance upon such telephonic notice, other than due to the gross negligence or willful misconduct of the Bank. The obligation of the Company to repay the Credit Extensions shall not be affected in any way or to any extent by any failure by the Bank to receive written confirmation of any telephone notice or the receipt by the Bank of a confirmation which is at variance with the terms understood by the Bank to be contained in the telephonic notice.

3.11. Setoff. If the unpaid principal amount of any Credit Extension, interest accrued thereon or any other amount owing by the Company hereunder shall have become due and payable (by demand, acceleration or otherwise), the Bank shall have the right, in addition to all other rights and remedies available to it, without notice to the Company, to set off against, and to appropriate and apply to such due and payable amounts any debt owing to, and any other funds held in any manner for the account of, the Company, including, without limitation, all funds in all deposit accounts (whether time or demand, general or special, provisionally credited or finally credited, or otherwise) now or hereafter maintained with the Bank. Such right shall exist whether or not the Bank shall have made any demand hereunder or under any Credit Document, whether or not such debt owing to or funds held for the account of the Company is or are matured or unmatured, and regardless of the existence or adequacy of any right or remedy available to the Bank. Such right shall exist regardless of the currency in which such debt owing to or such funds held for the account of the Company is expressed. The Bank agrees that, as promptly as is reasonably possible after the exercise of any such setoff right, the Bank shall notify the Company of its exercise of such setoff right; provided, however, that the failure of the Bank to provide such notice shall not affect the validity of the exercise of such setoff rights.

Nothing in this Agreement shall be deemed a waiver or prohibition of or restriction on the Bank to all rights of banker's lien, setoff and counterclaim available pursuant to law.

SECTION 4. REPRESENTATIONS AND WARRANTIES. In order to induce the Bank to enter into this Agreement and to make the Credit Extensions contemplated in Section 2, the Company hereby makes the following representations and warranties to the Bank:

4.1. Subsidiaries. As of the Effective Date, the Company has only the Subsidiaries set forth in Exhibit B hereto. As of the Effective Date, except as set forth in said Exhibit B, all of the shares of all classes of the stock of each Subsidiary are owned by the Company, are free and clear of any Liens and are validly issued, fully paid for and nonassessable, and there are no outstanding rights, options, warrants or shareholder agreements, with respect to any such shares.

4.2. Existence and Power. The Company and each Subsidiary is duly organized, validly existing and in good standing under the laws of the jurisdiction of its incorporation or organization, has all requisite power and authority to own its Property and to carry on its business as now conducted, and (with respect to jurisdictions in the United States) is in good standing and authorized to do business in each jurisdiction in which the character of the Property owned and leased by it or the transaction of its business makes such qualification necessary, except for such jurisdictions where the failure to be in good standing and so authorized will not materially adversely affect the financial condition, business or operations of the Company and its Consolidated Subsidiaries, taken as a whole, or prevent the enforcement of contracts entered into.

4.3. Authority. The Company has full power and authority to enter into, execute, deliver and carry out the terms of this Agreement, to make the borrowings contemplated hereby, to execute, deliver and carry out the terms of the Credit Documents, and to incur the obligations provided for herein and therein. The execution, delivery and performance of this Agreement and the Credit Documents have been duly authorized by all necessary corporate action of the Company. No consent or approval of, or exemption by, any Governmental Body is required to authorize, or is required in connection with the execution and delivery of, and performance by the Company of its obligations under, this Agreement or the Credit Documents or is required as a condition to the validity or enforceability of this Agreement or the Credit Documents.

4.4. Binding Agreement. This Agreement constitutes, and each of the Credit Documents when issued and delivered pursuant hereto will constitute, the legal, valid and binding obligations of the Company enforceable against the Company in accordance with their respective terms.

4.5. Litigation. There are no actions, suits or arbitration proceedings (whether or not purportedly on behalf of the Company or any Subsidiary) pending or, to the knowledge of the Company, threatened against the Company or any Subsidiary, or maintained by the Company or any Subsidiary, in law or in equity before any Governmental Body which individually or in the aggregate are likely (to the extent not covered by insurance) to result in a material adverse change in the consolidated financial condition of the Company and its Consolidated Subsidiaries, except as disclosed in the Financial Statements. There are no proceedings pending or, to the knowledge of the Company, threatened against the Company or any Subsidiary which call into question the validity or enforceability of this Agreement or any of the Credit Documents or any document delivered in connection herewith or therewith, or any action to be taken in connection with the transactions contemplated hereby or thereby.

4.6. No Conflicting Agreements. Neither the Company nor any Subsidiary is in default under any agreement to which it is a party or by which it or any of its Property is bound the effect of which could be a material adverse effect on the business or operations of the Company and its Consolidated Subsidiaries taken as a whole. No provision of (a) the articles of incorporation or bylaws of the Company or any Subsidiary, (b) any existing mortgage or indenture, (c) any other contract or agreement (which is, individually or in the aggregate, material to the financial condition, business or operations of the Company and its Consolidated Subsidiaries), (d) any statute (including, without limitation, any applicable usury or similar law), rule or regulation, or (e) any judgment, decree or order (which is, individually or in the aggregate, material to the financial condition, business or operations of the Company and its Consolidated Subsidiaries), in each case binding on the Company or any Subsidiary or affecting the Property of the Company or any Subsidiary, conflicts with, or requires any consent under, or would in any way prevent the execution, delivery or performance of, this Agreement or any Credit Document, and the taking of any such action will not constitute a default under, or result in the creation or imposition of, or obligation to create, any Lien upon the Property of the Company or any Subsidiary pursuant to the terms of any such mortgage, indenture, contract, or agreement (other than any right of setoff or banker's lien or attachment that the Bank or other holder of a Credit Document may have hereunder or under applicable law).

4.7. Taxes. The Company and each Consolidated Subsidiary has filed or caused to be filed all state and federal tax returns required to be filed, and all other tax returns required to be filed known by the Company, and has paid, or has made adequate provision for the payment of, all such taxes shown to be due and payable on said returns or in any assessments made against it, and no tax liens have been filed and no claims are being asserted with respect to such taxes. The charges,

accruals and reserves on the books of the Company and each Consolidated Subsidiary with respect to all federal, state, local and other such taxes are adequate, and the Company knows of no unpaid assessment which is due and payable against the Company or any Consolidated Subsidiary, except those not yet delinquent and those being contested in good faith and by appropriate proceedings diligently conducted.

4.8. Financial Statements. The Company has heretofore delivered to the Bank (a) copies of the consolidated balance sheets of the Company as of February 26, 1994, and the related consolidated statements of operations, stockholder's equity and a statement of cash flows for the year then ended, and (b) copies of the consolidated balance sheets of the Company as of May 28, 1994, and the related consolidated statements of operations and changes in financial position for the three months ending on said date (the statements in (a) and (b) above being sometimes referred to herein as the "Financial Statements"). The Financial Statements described in clause (a) above were audited and reported on by KPMG Peat Marwick. The Financial Statements fairly present the consolidated financial condition and the consolidated results of operations of the Company as of the dates and for the periods indicated therein, and have been prepared in conformity with Generally Accepted Accounting Principles. As of the Effective Date, except as reflected in the Financial Statements, neither the Company nor any Subsidiary has any obligation or liability of any kind (whether fixed, accrued, contingent, unmatured or otherwise) which is material to the Company and the Consolidated Subsidiaries on a consolidated basis other than those incurred in the ordinary course of their respective businesses since the date of such Financial Statements. Since the date of the Financial Statements described in clause (a) above, (i) the Company and each Subsidiary has conducted its business only in the ordinary course, and (ii) there has been no adverse change in the financial condition of the Company and its Subsidiaries taken as a whole which is material to the Company and its Consolidated Subsidiaries on a consolidated basis. There has been no material adverse change in the consolidated financial condition of the Company and its Consolidated Subsidiaries since the date of the most recent consolidated financial statements of the Company and its Consolidated Subsidiaries which have been furnished to the Bank pursuant to this Agreement.

4.9. Compliance with Applicable Laws. Neither the Company nor any Subsidiary is in default with respect to any judgment, order, writ, injunction, decree or decision of any Governmental Body which default could reasonably be expected to have a material adverse effect on the business, properties, assets, operations or condition (financial or otherwise) of the Company and its Consolidated Subsidiaries taken as a whole. The Company and each Subsidiary is complying in all respects with all applicable statutes and regulations, including ERISA and applicable environmental, occupational, safety and health and other labor laws, of all Governmental Bodies, if noncompliance

could reasonably be expected to have a material adverse effect on the business, properties, assets, operations or condition (financial or otherwise) of the Company and its Consolidated Subsidiaries taken as a whole. Neither the Company nor any Subsidiary has received any notice to the effect that its Property or operations are not in compliance with the requirements of applicable federal, state and local environmental, health and safety statutes and regulations, or are the subject of any investigation evaluating whether any remedial action is needed to respond to a release of any toxic or hazardous waste or substance into the environment, if any such non-compliance or remedial action could reasonably be expected to have a material adverse effect on the business, properties, assets, operations or condition (financial or otherwise) of the Company and its Subsidiaries taken as a whole.

4.10. Governmental Regulations. Neither the Company nor any Subsidiary is subject to any statute or regulation which regulates the incurring by the Company or such Subsidiary of indebtedness for borrowed money, except for statutes or regulations of jurisdictions outside the United States affecting only Subsidiaries organized in jurisdictions outside the United States that do not affect the ability of the Company to enter into this Agreement or any Credit Document or borrow money hereunder or thereunder.

4.11. Property. The Company and each Subsidiary has good and valid title to, or good and valid leasehold interests in, all of its Property, subject only to Liens permitted by the terms of this Agreement.

4.12. Federal Reserve Regulations. The Company is not engaged principally, or as one of its important activities, in the business of extending credit for the purpose of purchasing or carrying any margin stock within the meaning of Regulation U of the Board of Governors of the Federal Reserve System, as amended. No part of the proceeds of the Loans, Bid Loans or Acceptances will be used, directly or indirectly, for a purpose which violates any law, rule or regulation of any Governmental Body, including, without limitation, the provisions of Regulations G, T, U, or X of said Board, as amended.

4.13. No Misrepresentation. No representation or warranty contained herein or in any document to be executed and delivered in connection herewith and no certificate or report furnished or to be furnished by the Company or any Subsidiary in connection with the transactions contemplated hereby, contains or will contain a misstatement of material fact, or omits or will omit to state a material fact required to be stated in order to make the statements herein or therein contained (taken as a whole) not misleading in the light of the circumstances under which made.

4.14. ERISA. Each Plan maintained by the Company and by each ERISA Affiliate complies with all material requirements of ERISA and of the Code and with all material rulings and regulations issued under the provisions of ERISA and the Code setting forth those requirements. No reportable event (as defined in Section 4043(b), subdivision (5) or (6) of ERISA or in 29 C.F.R. Sections 2615.21, 2615.22 or 2615.23) has occurred with respect to any Plan which is subject to Title IV of ERISA. Neither the Company nor any ERISA Affiliate has engaged in any material prohibited transaction (as defined in Section 406 of ERISA or Section 4975 of the Code) (i) which has not been corrected within the correction period applicable to it under Section 502(i) of ERISA or Section 4963(e) of the Code or (ii) for which an exemption is not applicable or has not been obtained under Section 408 of ERISA or Section 4975 of the Code. The Company and all ERISA Affiliates have satisfied all of the funding standards applicable to such Plans under Section 302 of ERISA and Section 412 of the Code, and the PBGC has not instituted any proceedings, and there exists no event or condition which would constitute grounds for the institution of proceedings by PBGC, to terminate any Plan under Section 4042 of ERISA. The present value of accumulated benefits under each Plan maintained by the Company or any ERISA Affiliate does not exceed the aggregate current value of assets of such Plan allocable to the Plans' benefits guaranteed under Title IV of ERISA. There have been no material adverse changes in any Plan since the date of the most recent actuarial valuation of such Plan.

4.15. Investment Company Act. The Company is not an "investment company" or a company "controlled" by an "investment company," within the meaning of the Investment Company Act of 1940, as amended.

4.16. Public Utility Holding Company Act. The Company is not a "holding company," or a "subsidiary company" of a "holding company," or an "affiliate" of a "holding company" or of a "subsidiary company" of a "holding company," within the meaning of the Public Utility Holding Company Act of 1935, as amended.

4.17. Indebtedness. As of the date of this Agreement neither the Company nor any Subsidiary has any outstanding Indebtedness except Indebtedness described in Exhibit C hereto. No default exists under any of such Indebtedness.

4.18. Retirement Benefits. Under the accounting rules currently proposed by the Financial Accounting Standards Board with respect thereto, the present value of the expected cost to the Company and its Subsidiaries of post-retirement medical and insurance benefits to their employees, as estimated by the Company in accordance with procedures for assumptions deemed reasonable by the Bank, does not exceed \$25,000.

SECTION 5. CONDITIONS PRECEDENT --INITIAL CREDIT EXTENSIONS. In addition to the applicable requirements set forth in Section 7, the obligation of the Bank to make its initial Credit Extension hereunder shall be subject to the fulfillment of the following conditions precedent:

5.1. Evidence of Corporate Action.

(a) The Company shall have duly executed and delivered to the Bank for the account of the Bank the Revolving Credit Note, appropriately completed.

(b) The Bank shall have received (i) a copy of the Articles of Incorporation of the Company and each amendment, if any, thereto, certified by the Secretary of State of the State of Minnesota (as of a date reasonably near the date of the initial Credit Extension hereunder) as being true and correct copies of such documents on file in her office, and (ii) certificates of good standing for the Company from the Secretaries of State of the state of its incorporation and each state where it conducts operations, except any such state where failure to so qualify would not permanently preclude the Company from enforcing its rights with respect to any material assets or expose the Company to any material liability, certifying that the Company is in good standing in such states, such certificates to be dated reasonably near the date of the initial Credit Extensions hereunder.

(c) The Bank shall have received the signed certificate of the Secretary of the Company, dated the Effective Date, certifying as to (i) a true and correct copy of the by-laws of the Company as in effect on such date, and (ii) the incumbency and specimen signatures of officers of the Company executing or authorized to execute this Agreement, the Credit Documents and any other documents delivered to the Bank in connection with this Section 5.

5.2. Opinion of Company Counsel. The Bank shall have received the signed opinion of Dorsey & Whitney, counsel to the Company, and given upon its express instructions dated the Effective Date, covering the matters set forth on Exhibit D hereto, and as to such other matters as the Bank may reasonably request.

5.3 Privity Letter. The Bank shall have received a letter from the accountants auditing and reporting on the audited financial statements referred to in Section 4.8(a) acknowledging the Banks reliance on past and future financial statements of the Company.

5.4. Other Instruments and Documents. The Bank shall have received such other instruments and documents as the Bank may reasonably request on or before the Effective Date.

SECTION 6. CONDITIONS PRECEDENT --ALL CREDIT EXTENSIONS.

6.1. Loans. The obligation of the Bank to make Loans (including the initial Loans but excluding a conversion or refunding of Loans pursuant to the last sentence of Section 2.2(d)) is subject to the fulfillment of the condition precedent that the Bank shall have received a borrowing request in the form of Exhibit E hereto (each, a "Borrowing Request").

6.2. All Credit Extensions.

The obligation of the Bank to make any Credit Extension and the right of the Company to convert any Loan to or continue any Loan as a CD Loan or a LIBOR Loan are subject to the fulfillment of the following conditions precedent:

(a) On each Borrowing Date and conversion or continuation date, after giving effect to the Credit Extensions to be made on such date, (i) there shall exist no Default or Event of Default and (ii) the representations and warranties contained in this Agreement (except, with respect to any Credit Extension, continuation or conversion that does not increase the Aggregate Outstandings, those set forth in Section 4.5 and the final sentence of Section 4.8) shall be true, correct and complete in all material respects on and as of such date as though made on and as of such date, except with respect to any representation or warranty which specifically refers to an earlier date.

(b) All documents required by the provisions of this Agreement to be executed or delivered to the Bank on or before the applicable Borrowing Date or conversion or continuation date shall have been executed and shall have been delivered to the Bank as provided herein on or before such Date.

(c) Following the requested Credit Extension, the Aggregate Outstandings will not exceed the Commitment Amount.

SECTION 7. AFFIRMATIVE COVENANTS. The Company covenants and agrees that, on and after the Effective Date, unless otherwise expressly provided in this Section 7 or consented to by the Bank in writing, and until the payment in full of all of the Company's obligations under each Credit Document, the termination of the Revolving Credit Commitments and performance of all other obligations of the Company hereunder, the Company will:

7.1. Preservation of Corporate Existence, Etc. Maintain, and cause each Subsidiary to maintain, (a) its corporate existence in good standing under the laws of the jurisdiction of its incorporation and (b) its right to transact business in each jurisdiction in which the character of the properties owned or leased by it or the business conducted by it makes such qualification necessary and the failure to so qualify would permanently preclude the Company from enforcing its rights with respect to any material assets or expose the Company to any material liability.

7.2. Taxes. Pay, or provide for the payment of, and cause each Subsidiary to pay or provide for the payment of, all taxes and assessments payable by it which become due, other than those not yet delinquent and other than those not substantial in aggregate amount or being contested in good faith.

7.3. Insurance. Maintain, and cause each Subsidiary to maintain, insurance with reputable insurance carriers on its Property against such risks and in such amounts as is customarily maintained by similar businesses of similar size with respect to Properties of similar character.

7.4. Maintenance of Properties. Cause all Properties used or useful in the conduct of its business or the business of any Subsidiary to be maintained and kept in good condition, repair and working order and supplied with all necessary equipment, and cause to be made all necessary repairs, renewals, replacements, betterments and improvements thereof, so that the business carried on in connection therewith may be properly and advantageously conducted at all times.

7.5. Compliance with Laws, etc. Comply, and cause all of its Subsidiaries to comply, with all laws, rules, regulations, or governmental orders, including, without limitation, those relating to environmental and occupational safety and health standards, to which it is subject, if non-compliance could reasonably be expected to have a material and adverse effect on the business, properties, assets, operations or condition (financial or otherwise) of the Company and its Consolidated Subsidiaries taken as a whole.

7.6. Financial Statements and Other Information. Furnish to the Bank:

(a) as soon as available and in any event within 90 days after the end of each fiscal year of the Company, the consolidated financial statements of the Company and the Consolidated Subsidiaries consisting of at least statements of income, retained earnings and statements of cash flow of the Company and the Subsidiaries for such year, and a balance sheet as of the end of such year, setting forth in each case, in comparative form,

corresponding figures for the previous fiscal year and at the end of the preceding fiscal year, certified by KPMG Peat Marwick or other independent certified public accountants of recognized standing selected by the Company and reasonably acceptable to the Bank, whose certificate shall be satisfactory to the Bank, and accompanied by (i) a letter from such accounting firm addressed to the Bank acknowledging that the Bank is extending credit in reliance on such financial statements and authorizing such reliance and (ii) at the request of the Bank, any supplementary comments and reports to the Company submitted by such accounting firm;

(d) as soon as any Default or any Event of Default becomes known to any officer of the Company, a notice of such Default or Event of Default and the nature and status thereof;

(e) promptly upon their becoming available, copies of all financial statements, reports, notices and proxy statements sent by the Company to its shareholders;

(f) as soon as possible and in any event within 10 days after receipt by the Company or any Subsidiary, a copy of (i) any notice or claim to the effect that the Company or any Subsidiary is or may have any material

liability to any Person as a result of the release by the Company, any of its Subsidiaries, or any other Person of any toxic or hazardous waste or substance into the environment, (ii) any notice alleging any violation of any federal, state or local environmental, health or safety law or regulation by the Company or any Subsidiary if such violation could result in any material liability to, or material adverse effect on, the Company or any Subsidiary, and (iii) any notice that the Company, any Subsidiary or any of their Properties or operations are the subject of any investigation evaluating whether any remedial action is needed to respond to a release of any toxic or hazardous waste or substance into the environment if such investigation could result in any material liability to, or material adverse effect on, the Company or any Subsidiary; and

(g) from time to time such other information regarding the business, affairs and financial condition of the Company and the Subsidiaries as the Bank may reasonably request.

7.7 Inspection. Permit any Person designated by the Bank to visit and inspect any of the properties, corporate books and financial records of the Company and the Subsidiaries and discuss the affairs and finances of the Company and the Subsidiaries with the officers and employees of the Company or any Subsidiary, all at such times as the Bank shall reasonably request.

7.8. Books and Records. Maintain, and cause each of its Subsidiaries to maintain, a system of accounting established and administered in accordance with Generally Accepted Accounting Principles applied on a consistent basis, and set aside, and cause each of its Subsidiaries to set aside, on its books all such proper reserves as shall be required by Generally Accepted Accounting Principles.

7.9. Use of Proceeds. Use the proceeds of the Credit Extensions hereunder for working capital and general corporate purposes not otherwise inconsistent with the provisions of this Agreement.

7.10. ERISA At all times maintain, and cause each ERISA Affiliate to maintain, each of its Plans in compliance with all material requirements of ERISA and of the Code and with all material rulings and regulations issued under the provisions of ERISA and the Code and not, and not permit any of its ERISA Affiliates to, (a) engage in any transaction in connection with which the Company or any of its ERISA Affiliates would be subject to either a civil penalty assessed pursuant to Section 502(i) of ERISA or a tax imposed by Section 4975 of the Code, (b) fail to make full payment when due of all amounts which, under the provisions of any Plan, the Company or any of its

ERISA Affiliates is required to pay as contributions thereto, (c) permit to exist any accumulated funding deficiency (as such term is defined in Section 302 of ERISA and Section 412 of the Code), whether or not waived, with respect to any Plan, or (d) fail to make any payments to any Multiemployer Plan that the Company or any of its ERISA Affiliates may be required to make under any agreement relating to such Multiemployer Plan or any law pertaining thereto.

7.11 Litigation. Notify the Bank in writing of all litigation and of all proceedings before any Governmental Body affecting the Company or any Subsidiary, except litigation or proceedings which, if adversely determined, would not materially affect the consolidated financial condition of the Company and the Consolidated Subsidiaries.

7.12 Subsidiaries. The Company will give the Bank prompt written notice of any violation as to any environmental matter by the Company or any Subsidiary and of the commencement of any judicial or administrative proceeding relating to health, safety or environmental matters (a) in which an adverse determination or result could result in the revocation of or have a material adverse effect on any operating permits, air emission permits, water discharge permits, hazardous waste permits or other permits held by the Company or any Subsidiary which are material to the operations of the Company or such Subsidiary, or (b) which will or threatens to impose a material liability on the Company or such Subsidiary to any Person or which will require a material expenditure by the Company or such Subsidiary to cure any alleged problem or violation.

(ii) A reportable event as defined in Section 4043(b), subdivision (5), of ERISA shall have occurred with respect to any Plan and a waiver of the failure to meet minimum funding standards under Section 412 of the Code shall not have been obtained; or

(iii) A reportable event as defined in Section 4043(b), subdivision (6), of ERISA shall have occurred with respect to any Plan; or

(iv) The Company or any Subsidiary shall have engaged in any prohibited transaction (as defined in Section 406 of ERISA or Section 4975 of the Code) and either (1) the prohibited transaction shall not have been corrected within the correction period applicable to it under Section 502(i) of ERISA or Section 4975(b) of the Code, or (2) an exemption shall not be applicable or have been obtained under Section 408 of ERISA or Section 4975 of the Code; or

(vi) The maximum amount of liability that could be asserted against the Company or any Subsidiary under Sections 4062, 4063 or 4064 of ERISA with respect to any Plan if such Plan terminated or with respect to any Plan terminated prior to the date hereof, shall exceed the value of the assets of such Plan allocable to such liability by more than \$1,000,000 in the aggregate as to the Company and the Subsidiaries; or

(vii) The Company determines to voluntarily terminate or withdraw from any Plan at a time when the accrued liabilities to the Company exceed the value of the assets allocable to said liabilities by more than \$250,000; or

9.2 Remedies. If (x) any Event of Default described in Sections 9.1(g) or (h) shall occur, the Revolving Credit Commitments shall automatically terminate and the outstanding principal of the Notes, the accrued interest thereon and all other obligations of the Company to the Bank under this Agreement and the Credit Documents, shall automatically become immediately due and payable or (y) any other Event of Default shall occur and be continuing, then, the Bank may do all of the following: (i) declare the Revolving Credit Commitments terminated, whereupon the Revolving Credit Commitments shall be terminated and (ii) declare the outstanding principal of the Notes, the accrued interest thereon and all other obligations of the Company to the Bank under this Agreement and the Credit Documents to be forthwith due and payable, whereupon the Notes, all accrued interest thereon and all such other obligations shall immediately become due and payable, in each case without presentment, demand, protest or other notice of any kind, all of which are hereby expressly waived, anything in this Agreement or the Notes to the contrary notwithstanding. In the event any CD Loan or LIBOR Loan is paid prior to the last day of the Interest Period applicable thereto by reason of the acceleration of the Notes pursuant to this Section 9.2, the Company shall indemnify the Bank as provided in Section 3.7.

If the obligations of the Company under all of the Credit Documents shall have become, or been declared to be, due and payable pursuant to the provisions of Section 9.1, the Bank may proceed to enforce its rights hereunder and under the Credit Documents by suit in equity, action at law and/or other appropriate proceedings, whether for payment or the specific performance of any covenant or agreement contained in this Agreement or the Credit Documents.

9.3. Waiver of Defaults. Except as otherwise specifically provided by the provisions hereof, the Bank may, by written notice to the Company at any time and from time to time, waive in whole or in part, and absolutely or conditionally, any Default or Event of Default which shall have occurred hereunder

or under the Credit Documents. Any such waiver shall be for such period and subject to such conditions or limitations as shall be specified in any such notice. In the case of any such waiver, the rights of the Company and the Bank under this Agreement and the Credit Documents shall be otherwise unaffected, and any Default or Event of Default so waived shall be deemed to be cured and not continuing to the extent and on the conditions or limitations set forth in such waiver, but no such waiver shall extend to any subsequent or other Default or Event of Default, or impair any right, remedy or power consequent thereupon. The Company may take any action prohibited, or omit to perform any act required to be performed, under this Agreement and the Credit Documents if it shall have obtained the written waiver with respect thereto signed by the Bank and containing a representation therein that such waiver has been authorized in accordance with the provisions of this Section 9.3 and Section 10.5.

Section 10. MISCELLANEOUS.

10.1 Waiver. No failure on the part of the Bank to exercise, no delay in exercising, and no course of dealing with respect to, any right, power or privilege under this Agreement or any of the Credit Documents shall operate as a waiver thereof, nor shall any single or partial exercise of any right, power or privilege under this Agreement or any of the Credit Documents preclude any other or further exercise thereof or the exercise of any other right, power or privilege. The remedies provided herein and in the Credit Documents are cumulative and not exclusive of any remedies provided by law.

10.2 Accounting. Except as the Bank may otherwise consent in writing, all financial statements furnished to the Bank under this Agreement and all computations and determinations required to be made pursuant to this Agreement shall be made in accordance with Generally Accepted Accounting Principles, applied on a basis consistent with the audited financial statement referred to in Section 4.8. To the extent any change in Generally Accepted Accounting Principles affects any computation or determination required to be made pursuant to this Agreement, such computation or determination shall be made as if such change in Generally Accepted Accounting Principles had not occurred unless the Company and the Bank agree in writing on an adjustment to such computation or determination to account for such change in Generally Accepted Accounting Principles.

10.3 Notices. Except as otherwise specifically provided for herein, all notices and other communications provided for herein shall be by in writing and telexed, telecopied, telegraphed, cabled, mailed or delivered to the intended recipient at the address specified below its name on the signature pages hereof; or, as to any party, at such other address as shall be designated by such party in a notice to the other parties. All notices and other communications hereunder

shall be deemed to have been duly given when transmitted by telex or telecopier, delivered to the telegraph or cable office or personally delivered or, in the case of a mailed notice, upon receipt thereof as conclusively evidenced by the signed receipt therefor, in each case given or addressed as aforesaid; provided, however, that any notice required to be given pursuant to Sections 2.1(b) and 2.2(d) shall only be effective upon receipt.

10.4 Expenses. The Company agrees to pay: (a) the reasonable costs and expenses of the Bank, including, without limitation, the fees, costs and expenses of counsel to the Bank, in connection with the preparation, execution and delivery of this Agreement and the Credit Documents and the making of the Loans hereunder, (b) the reasonable costs and expenses of the Bank, including, without limitation, the fees, costs and expenses of counsel to the Bank, in connection with any amendment, modification or waiver of any of the terms of this Agreement or any of the Credit Documents and (c) all reasonable costs and expenses of the Bank (including reasonable fees of counsel) in connection with the enforcement of this Agreement and any of the Credit Documents. The Company hereby agrees to indemnify the Bank and its directors, officers, agents and employees from and hold each of them harmless against any and all losses, liabilities, claims, damages or expenses incurred by any of them arising out of or by reason of any investigation, litigation or other proceedings related to any use made or proposed to be made by the Company of the proceeds of the Loans, including, without limitation, the reasonable fees and disbursements of counsel incurred in connection with any such investigation, litigation or other proceedings (but excluding any such losses, liabilities, claims, damages or expenses incurred by reason of the gross negligence or willful misconduct of the Person to be indemnified).

10.5 Amendments, Etc. Any provision of this Agreement or any Credit Document may be amended or modified only by an instrument or instruments in writing signed by the Company and the Bank. No waiver of any provision of this Agreement or any Credit Document or consent to any departure by the Company therefrom shall in any event be effective unless the same shall be in writing and signed by the Bank and then such waiver or consent shall be effective only in the specific instance and for the purpose for which given.

10.6 Successors and Assigns; Disposition of Loans; Transferees. This Agreement shall be binding upon and inure to the benefit of the parties hereto and their respective successors and assigns, except that the Company may not assign its rights or obligations hereunder or under any Credit Document without the prior consent of the Bank. The Bank may at any time sell, assign, transfer, grant participations in, or otherwise dispose of all or any portion of the Loans (each such interest so disposed of being herein called a "Transferred Interest") to banks or other financial institutions ("Transferees"), provided

that any such sale, assignment, transfer or participation that would result in the Bank being released from its obligations hereunder may only be made to (a) any Affiliate of the Bank, (b) other financial institution having capital, surplus and undivided profits aggregating at least \$ 100,000,000, and (c) other banks or financial institutions reasonably acceptable to the Company. Without in any way limiting the rights of Transferees hereunder, the Company agrees that each Transferee shall be entitled to the benefits of Sections 2.2(f), 2.2(g), 3.6, 3.7 and 3.8 to the extent of its Transferred Interest as if it were the "Bank" holding a "Credit Extension" in the amount of such Transferred Interest; provided, that such Transferee shall have assumed the obligations of the Bank to the extent such obligations relate thereto, and provided, further that no Transferee that does not directly assume the obligations of its transferor Bank to the Company under this Agreement shall be entitled to compensation under Section 3.6, 3.7 or 3.8 in excess of the amount its transferor Bank would have been entitled to receive under such Section in respect of the amount of the Transferred Interest had no such transfer occurred. No Transferee that does not directly assume the obligations of its transferor Bank to the Company under this Agreement shall be entitled to control or vote upon the actions taken by the transferor Bank hereunder and under the Credit Documents except to the extent such actions (i) reduce the principal of or rates of interest on any Credit Extension, (ii) postpone the date fixed for any payment hereunder or under any Credit Document, or (iii) change the amount of the transferor Bank's Revolving Credit Commitment. The Company agrees that each Transferee may exercise any and all rights of banker's lien, setoff and counterclaim available pursuant to law with respect to its Transferred Interest as fully as if such Transferee were a direct lender to the Company. The Company authorizes the Bank to disclose to any Transferee or prospective Transferee any and all financial information in the possession of the Bank concerning the Company which has been delivered to the Bank by the Company pursuant to this Agreement or in connection with the credit evaluation of the Company by the Bank prior to entering into this Agreement.

10.7 Survival. The obligations of the Company under Sections 3.6, 3.7, 3.8, 10.4, 10.11 and 10.12 shall survive the repayment of the Loans and the termination of the Revolving Credit Commitments.

10.8 Counterparts. This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one and the same instrument and any of the parties hereto may execute this Agreement by signing any such counterpart.

10.9 Governing Law. This Agreement and the Credit Documents shall be governed by, and construed in accordance with, the internal law, and not the law of conflicts, of the State of Minnesota. Whenever possible, each provision of this Agreement, the Credit Documents and any other statement,

instrument or transaction contemplated hereby or thereby or relating hereto or thereto shall be interpreted in such manner as to be effective and valid under such applicable law, but, if any provision of this Agreement, the Credit Documents or any other statement, instrument or transaction contemplated hereby or thereby or relating hereto or thereto shall be held to be prohibited or invalid under such applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Agreement, the Credit Documents and any other statement, instrument or transaction contemplated hereby or thereby or relating hereto or thereto.

10.10 Highest Lawful Rate. Anything herein to the contrary notwithstanding, the obligations of the Company on the Credit Extensions payable to the Bank shall be subject to the limitation that payments of interest shall not be required, for any period for which interest is computed hereunder, to the extent that contracting for or receipt thereof would be contrary to provisions of any law applicable to the Bank limiting the highest rate of interest which may be lawfully contracted for, charged or received by the Bank.

10.11 Environmental Indemnity. The Company hereby agrees to defend, indemnify, and hold the Bank harmless from and against any and all liens, demands, claims, actions, suits, proceedings, disbursements, liabilities, losses, damages, judgments, penalties, costs and expenses (including, without limitation, attorneys', consultants' and experts' fees) paid, incurred, or asserted against the Bank for, with respect to, or as a direct or indirect result of the release by the Company, any Subsidiary or, with respect to their Property, any other Person of any toxic or hazardous waste or substance into the environment, any violation of any federal, state or local environmental, health or safety law or regulation, or any remedial action needed to respond to a release of any toxic or hazardous waste or substance into the environment.

10.12 Marshalling; Payments Set Aside. The Bank shall be under no obligation to marshal any assets in favor of the Company or any other Person or against or in payment of any or all of the Indebtedness of the Company under this Agreement or any Credit Document. To the extent that the Company makes a payment or payments to the Bank or the Bank exercises its rights of setoff, and such payment or payments or the proceeds of such enforcement or setoff or any part thereof are subsequently invalidated, declared to be fraudulent or preferential, set aside and/or required to be repaid to a trustee, receiver or any other party under any bankruptcy law, state or federal law, common law or equitable cause, then to the extent of such recovery, the obligation or part thereof originally intended to be satisfied shall be revived and continued in full force and effect as if such payment had not been made or such enforcement or setoff had not occurred.

10.13. Headings; Plurals. Section headings have been inserted herein for convenience only and shall not be construed to be a part hereof or thereof. Unless the context otherwise requires, words in the singular number include the plural, and words in the plural include the singular.

IN WITNESS WHEREOF, the parties have caused this Agreement to be duly executed as of the date first written above.
